

Dear Valued Customer,

Please be aware of specific chemicals that require an EPA 90 day pre-notification to import or market products in the U.S., as per list cited in the Federal Register on 9/21/12.

If chemical or chemical mixtures are listed on the EPA regulations the new initiative will apply. US Imported products not listed on the *Significant New Use Rules* will not be effected.

Following is the link to EPA's SNUR's. See "Highlights" to the right of the webpage to access the 42 page final ruling. <http://www.epa.gov/oppt/newchems/>
